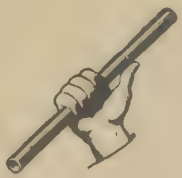
# *For That Home-To-Be...*

# PLANNED TELEPHONE SERVICE!

Telephone service . . . like gas, water and electrical facilities . . . should be **planned in advance.** Telephone wiring can be as modern and inconspicuous as plumbing and electrical work if ***provisions for it are made before your home is built.***

Concealed wiring through the use of rigid, flexible or thinwall conduit, enables you to have ***built-in telephone outlets*** . . . neat little plates which assure preferred telephone instrument locations and which will add much to the living comfort and convenience of your home-to-be.



**Conduit placed in walls and floors by the contractor at the time of construction eliminates exposed wiring on baseboards and moldings and reduces the possibility of interruptions to your telephone service. Costs are nominal. Remember, the telephone company provides all needed wires and wiring work—you merely have the conduit installed.**

Your telephone company will be glad to consult with you *without cost or obligation* and make recommendations for built-in conduit. Just call our business office and ask for "Architects' and Builders' Service."

ARCHITECTS, CONTRACTORS AND BUILDERS ARE INVITED TO CALL UPON US FOR ASSISTANCE IN PLANNING TELEPHONE FACILITIES.

ILLINOIS BELL TELEPHONE COMPANY

Useful Information and Items of Interest

about

# HAMMOND and CALUMET CITY

**Hammond,** formerly known as State Line, is situated in Lake County, Indiana, in the northwestern part of the State and directly adjacent to Chicago's eastern limits.

In 1868 George Hammond, in whose honor the city was later renamed, located his packing industry in this territory and was instrumental in the community's early development. The city charter was secured in 1873 and Hammond's growth as an important packing center was rapid. The beginning of the twentieth century, however, saw the meat packing business largely replaced by numerous diversified industries seeking to locate in a region that offered excellent transportation facilities by rail and water and an accessibility to markets and raw materials.

Since 1900, Hammond has become one of the important centers for bookbinding and the manufacture of railroad equipment. Situated as it is, in the heart of the Calumet industrial region, its destiny and continued growth are assured.

**Calumet City** is located to the west of Hammond, and although in Illinois it is essentially and economically a part of the city of Hammond.

## Post Office Information

The **Hammond** Post Office is located in the Federal Building at 507 State Street and is open from 7:00 A.M. to 7:00 P.M. on week days and from 7:00 A.M. to 1:00 P.M. on Saturdays.,

The **Calumet City** Post Office at 680 Wentworth Avenue is open from 8:00 A.M. to 7:00 P.M. on week days and from 8:00 A.M. to 1:00 P.M. on Saturdays. Domestic mail is divided into the following four classes:

**First Class:** Letters, etc., 3c for each ounce or fraction thereof. Post cards and postal cards, 1c each.

**Second Class:** Newspapers, periodicals, etc., 2c for each two ounces or fraction thereof.

**Third Class:** Articles weighing not more than eight ounces. Miscellaneous, 2c for first two ounces plus 1c for each additional ounce. Books, seeds, catalogs, etc., 1½c for each two ounces or fraction thereof.

**Fourth Class:** Parcel Post. Third Class articles over eight ounces and all mailable matter not included in First, Second or Third Class. Rates on Parcel Post vary with weight and mileage.

Patrons are urged to address mail completely, spell state names in full and to show return address on all matter. If in haste, use Air Mail or Special Delivery.

There are eight branch substations in Hammond where ordinary postal business may be transacted from 8:00 A.M. until 5:00 P.M.

## Public Library Information

**The Hammond Public Library,** which has approximately 115,000 volumes in its collection and an annual circulation of 700,000, is located at 5011 Hohman Avenue. The library is open Monday through Friday from 9:00 A.M. until 9:00 P.M., on Saturdays from 9:00 A.M. to 6:00 P.M. and on Sundays from 2:00 P.M. until 5:00 P.M.

**Branch libraries in Hammond** are located at the following addresses: 847-117th St., 4809 Oak Av., 5444 Calumet Av., 1047 Conkey St., 2823 Martha St., 5935 Hohman Av. and 649 Mulberry St.

Women's Club, Presbyterian Church Hall, Highland and Hohman
Business & Professional Women's Club, 5219 Hohman Av.
Calumet City Association of Commerce, 681 Wentworth Av.

## Recreation

Like all other cities of the Calumet Region, Hammond and Calumet City are close to the Sand Dunes and Dunes State Park, for many years an attraction to sport lovers in all seasons.

The **Hammond** park system, now totaling over 200 acres, furnishes as recreation for the people of Hammond a year around supervised program. Features are the fine swimming pools which also serve as hockey and skating rinks in the winter time, and the $600,000.00 Civic Center development which provides facilities for large community activities and winter in-door recreation.

A memorial park is located in **Calumet City** and Wicker Park, a memorial to Lake County's war dead, is situated just outside the south limits of the city.

## Transportation

Hammond is served by several large railroads operating freight and passenger service, including the Erie, Monon, South Shore, Michigan Central, New York Central, Nickel Plate, Pennsylvania and Wabash railroads. There are also four belt lines serving the industrial district while frequent interurban passenger service is maintained between all cities of the Calumet Region. Excellent motor coach service by the larger bus lines is available to all points.

**DR. WARREN S. HAMEL, D. C.**
SPECIFIC STRAIGHT HOLE-IN-ONE
**CHIROPRACTOR**
"Nominal Fee For Consultation"

Our aim is to render up-to-the-minute Scientific and Specific Chiropractic Health Service. The Neurocalometer and X-Ray enables us to get the worst cases better in shortest Time. The Neurocalometer shows us where to adjust, and when to adjust, and when not to adjust. We are interested in chronic problem, stubborn, and difficult cases.

The Specific Advanced Hole-in-one Health Service Technique Is No Guesswork

THREE VITAL QUESTIONS

1st — Where is the *LOCATION*? The Neurocalometer *PROVES*.
2nd — *WHAT* is the *POSITION* of the subluxation? The X-Ray *PROVES*.
3rd — The adjustment corrects position and releases pressure. *HEALTH* is the result. *LOCATION* and *POSITION* — both are vitally essential. The Neurocalometer establishes *LOCATION*. The X-Ray establishes *Position*. BOTH are vitally essential. Neither one does the work of the other.

Hours 10 A.M. to 2 P.M. — 3 P.M. to 8 P.M.
Except Saturday Afternoon

**1** **When you want a certain brand of goods—perhaps one that you've seen advertised.**

Many trade marks are listed here—Goodyear Tires, Frigidaires, Chevrolets, the Insurance Company of North America. Under these, you'll find lists of dealers.

**3** **When you want the telephone number of a business or professional man.**

Lists of names are shorter here, easier to scan. Instead of poring over long columns of "Smith" in the white pages, you can spot "Smith C. G." at a glance under "Physicians."

# REGULATIONS

### APPLICATIONS

Applications for original establishment of service must be made on the Telephone Company's standard application forms. Requests from subscribers for additional service, equipment, etc., may be made orally or in writing, and upon approval, or installation of the service, become a part of the original application. An applicant for service must pay all previous indebtedness to the Company for telephone service before service will be furnished.

### ESTABLISHMENT OF CREDIT

In order to insure the payment of all charges due for its service, the Telephone Company may require any subscriber to establish his credit in a manner prescribed by the tariff.

### OWNERSHIP AND USE OF THE EQUIPMENT

Equipment, instruments and lines on subscriber's premises, furnished by the Telephone Company, shall be and remain the property of the Telephone Company, whose agents and employees have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting, or repairing the instruments and lines or for the purpose of making collections from coin boxes and, upon termination of the service, for the purpose of removing such instruments and lines. Such equipment is not to be used for performing any part of the work of transmitting, delivering or collecting any telephone message where any toll or consideration has been or is to be paid any party other than the Telephone Company, without the written consent of the Telephone Company.

Subscribers must not use or permit to be used any electrical or mechanical apparatus or device in connection with the equipment or facilities furnished by the Telephone Company without the written consent of the Telephone Company, or permit the attachment of any advertising devices, except upon the approval of the Telephone Company. In case any instrument, apparatus, or device of any kind other than that furnished or approved by the Telephone Company is attached to or connected with any part of the Telephone Company's property, the Telephone Company shall have the right to remove such instruments, apparatus, or devices or to suspend the service so long as such instruments, apparatus, or devices are so attached or connected, or to terminate the service.

### INTERRUPTIONS TO SERVICE

If service is interrupted for more than 24 hours, for causes other than the negligence or willful act of the subscriber, credit will be allowed when requested by subscriber, at the minimum rate for the telephone facilities and class of service affected by the interruption, for such time as the interruption continues. No other liability shall attach to the Company in consideration of such service interruption.

### TELEPHONE NUMBERS

The subscriber has no property right in the telephone number or any right to continuance of service through any particular central office. The Telephone Company may change the telephone number or the central office designation, or both, of a subscriber whenever it deems it desirable in the conduct of its business so to do.

### TELEPHONE DIRECTORIES

Directories regularly furnished to subscribers are the property of the Telephone Company, are loaned to subscribers only as an aid to the use of the telephone service, and are to be returned to the Telephone Company upon request or when new directories are issued. The Telephone Company shall have the right to make a charge for directories issued in replacement of directories lost, destroyed, defaced, or mutilated while in possession of subscriber.

No liability arising from errors or omissions in the making up or printing of its directories shall attach to the company except in the case of charge listings, in connection with which its liability shall be limited to a refund at the monthly rate for each listing for the time an error or omission continues after reasonable notice in writing to the Company.

### USE OF SERVICE

Subscriber telephone service is furnished only for use by the subscriber, his family, employees, or business associates, or persons residing in the subscriber's household, except as the use of the service may be extended to joint users or to persons temporarily subleasing a subscriber's residential premises. The Telephone Company has the right to refuse to install subscriber service or to permit such service to remain on premises of a public or semi-public character when the instrument is so located that the public in general or patrons of the subscriber may make use of the service.

### PAYMENT FOR SERVICE

The subscriber is required to pay, in accordance with the Telephone Company's established tariffs, collection and billing practices, all charges for exchange service and equipment, and for all toll messages or service rendered to his station, including all toll messages on which the charges have been reversed and accepted by any party at his station. All bills are due when rendered and are payable at the Telephone Company's business offices.

### BILLS ARE RENDERED ONCE A MONTH

and are payable at the office of the Company. If not paid on or before the fifteenth day after issuance of the bill, written notice calling attention to that fact will be sent to the subscriber; after which action the service may be discontinued, without further notice, if a settlement of the account is not made by the seventh day.

When settlement of the bill is made before telephone instruments have been removed from the premises, service will be restored upon payment of a restoral of service charge.

When settlement of the bill is not made until telephone instruments have been removed from the premises, the regular service connection charge applies.
